AMENDMENTS TO THE DRAWINGS

The attached sheets include replacement FIGS. 1-21. These sheets replace the original sheets filed numbered FIGS. 1-18.

Original FIG. 1 has been amended to remove the text surrounding the Performance Range Criteria table. Original FIG. 2 has been separated into FIGS. 2 and 3. Original FIG. 3 has been separated into and renumbered as FIGS. 4A-4I. Torque formulae included on the original FIG. 3 have been omitted, as well as the frames around each diagram. Original FIGS. 4, 6-8, and 12-18 have been renumbered as FIGS. 5, 8-10, 15-21, respectively. Non-essential text has been deleted from the original figures in the new figures. Original FIG. 5 has been separated into FIGS. 6 and 7. The amended FIGS. 6 and 7 omit some text contained in the original FIG. Original FIGS. 9-10 have been renumbered as FIG. 11-12. Original FIG. 11 has been separated into FIGS. 13 and 14. The frame around each graph has been omitted.

The proposed changes to the drawing sheets are requested to be approved by the Office. No new matter has been introduced into the application by way of these drawing revisions.

REMARKS

Applicants have carefully reviewed and considered the Office Action dated October 25, 2004. In response, applicants have amended the specification and the drawings. No new matter has been added by way of these amendments. Applicant believes that the application is now in condition for allowance. Accordingly, favorable reconsideration in light of the following remarks is respectfully requested.

The proposed changes to the drawing sheets, as identified above, are requested to be approved by the Examiner. No new matter has been introduced into the application by way of these drawing revisions. The amendments to the specification have been made in view of the amendments to the figures. In particular, references to the figures in the specification have been amended to account for changes to the numbering of the figures. As well, text accompanying the original figures that has been omitted in the amended figures, as described in the Amendments to the Drawings section, has been incorporated into the specification by these amendments. No new matter has been added by way of these amendments.

The application is considered to be in good and proper form for allowance, and the Examiner is respectfully requested to pass this application to issue. If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
